To whom it may concern,

RE: POSTPONEMENT OF THE JUNE 2022 AGRI- AFRICA EXHIBITION

We wish to thank you for expressing interest in participating in the Agri-Africa Exhibition. However, we would like to inform you that the 1st annual Agri Africa Exhibition event that was to be held between 6th- 8th June 2022 at the Kenya International Conference Centre(KICC) in Nairobi-Kenya has now been **postponed to 9th-12th May, 2023.**

The management of Agri Africa made the decision to postpone following significant requests by overseas partners as well as local corporate institutions to give them an opportunity and ample time to prepare adequately for the exhibition and for an opportunity to deliver a spectacular exhibition to our attendees.

We sincerely apologize for any inconveniences this may cause and kindly ask for your understanding.

Should there be any other queries do not hesitate to contact the undersigned.

Your feedback on this matter will be highly appreciated. We look forward to continuing the partnership conversation we have established so far with your organization in this event and look forward to having you participate in the forthcoming Agri Africa Exhibition.

Yours faithfully,

Tito Mutai
Director
Agri-Africa Limited
